TECHNICAL DATA SHEET

Product Name: MARMOALGAE-REMOVER

2. Product Features:

- **Effective algae Removal:** Dissolves algae quickly and efficiently.
- **Surface-Safe:** Designed to be safe on natural stones like marble and granite without causing damage.
- **Non-Acidic Formula:** Free from acidic components, preventing surface etching or corrosion.
- **User-Friendly:** Easy to apply with minimal labor required.
- **Low Odour:** Low VOC content ensures minimal odor during application.

3. Applications:

- Removal algae from natural stones like marble, granite, and limestone.
- Cleaning algae from tiles and other construction surfaces.
- Safe for use on most substrates including porcelain, ceramic, stones and concrete.

4. Application Guidelines:

- **Preparation:** Ensure the surface is dry and free from any loose debris.
- **Application:** Pour a sufficient amount of **Marmoalgae-Remover** directly onto the area with algae.
- **Dwell Time:** Allow the product to sit on the surface for 10-20 minutes to break down the algae.
- **Removal:** Use a soft scrub brush or a microfiber cloth to gently agitate and remove the algae.
- **Rinse:** Clean the surface with warm water and a soft microfiber towel to remove any remaining residue.

Product Name: MARMOALGAE-REMOVER

5. Product Specifications:

- **Appearance:** Transparent or slightly yellow liquid
- **Density:** 0.9 - 1.1 g/cm³
- **Viscosity:** Low viscosity
- **pH Level:** Neutral
- **Flash Point:** >70°C
- **Odour:** Mild
- **Solubility in Water:** soluble
- **Shelf Life:** 12 months in original, unopened packaging
- **Application Temperature:** 5°C - 35°C (Ambient and Surface Temperature)
- **Coverage:** 5 - 10 m² per litre, depending on surface porosity
- **Dwell Time:** 10 - 20 minutes (may vary based on thickness)
- **Cleaning Method:** Use water and a microfiber cloth after application

6.DO'S & DON'TS

- **DO'S**
- Do allow the product to remain wet on the surface during the dwell time; reapply lightly if it starts drying too fast.
- Do use soft brushes only for agitation on stone and tile surfaces.
- Do rinse the surface thoroughly with clean water after treatment to remove loosened algae residues.
- Do repeat the treatment if algae growth is old, thick, or deeply rooted.
- Do ensure proper drainage after cleaning to prevent immediate regrowth.
- Do allow the surface to dry completely before applying any protective treatment or sealer.

- **DON'TS**
- Do not use wire brushes, metal tools, or abrasive pads during cleaning.
- Do not mix with other cleaners, chemicals, acids, or bleach.
- Do not expect permanent prevention of algae without improving drainage or applying a protective sealer.
- Do not use for the removal of oil stains, rust stains, cement residue, or paint marks.

7.Storage and Handling:

- **Storage:** Store in a cool, dry place (5°C - 30°C), away from direct sunlight and heat. Keep the container tightly sealed.
- **Handling:** Use in a ventilated area. Wear gloves and eye protection. Avoid skin and eye contact.

Health & Safety:

- **Protective Gear:** Always wear gloves, eye protection, and protective clothing during use to avoid skin and eye contact.
- **Ventilation:** Use in a well-ventilated area to avoid inhalation of vapors.
- **Skin Contact:** Wash immediately with soap and water.
- **Eye Contact:** Rinse thoroughly with water and seek medical advice if irritation persists.
- **Inhalation:** Move to fresh air if feeling unwell, seek medical help if symptoms continue.
- **Ingestion:** Do not induce vomiting. Seek medical attention immediately.
- **Disposal:** Follow local regulations for the safe disposal of chemical products.
