Office hours: Monday- Saturday 10am-6pm

MARMOMAGIC RUST OUT

1. Marmo Solutions “Marmo Magic Rust Out” is a liquid form applicable on vertical surfaces. Removing Rust is often difficult; Steel bars revealed underneath a horizontal tie-beam, vertical steel surfaces or even old screws are rarely accessible by a dripping, conventional rust remover. Marmo Magic Rust Out can remain without dripping even on an overhead concrete slab and remove rust effectively. Apart from its action as a heavy duty rust remover, its active ingredients help to the transformation of rust to a phosphating coating that creates an early corrosion resistant layer. Therefore apart from being a remover, it also prevents early development of rust. Marmo Solutions “Marmo Magic Rust Out” is also ideal to prepare rust surfaces for application of paints. Eliminates the rust stains on concrete, tile or porcelain.

Product Name: **MARMOMAGIC RUST OUT**

MARMOMAGIC RUST OUT

2. Key Benefits:

- (a) Powerful formulation
- (b) Gel form to reduce dripping on vertical surfaces
- (c) Fast action
- (d) Interrupts rusting process
- (e) Deep cleaning action
- (f) Water rinsable
- (g) Leaves no residues
- (h) Removes rust without smoke or fumes
- (i) Prepares metal surface for paint job and increases lifespan of paint job
- (j) Contains no solvents
- (k) Excellent coverage
- (l) Cost-Effective

3. Applications:

- (a) Removes rust from any metal surface.
- (b) Ideal for sea salt corrosion. Restores corrodes steel bars.
- (c) Removes rust stains from tiles and grout.
- (d) The application surface must be free of dust and friable materials.
- (e) Apply Marmo Magic Rust out, without prior dilution, by using a paint brush. Allow to act on the surface for 10-20 minutes and then scrub with a soft sponge or a soft non-metallic brush.
- (f) Wash thoroughly with plenty of water. For persistent rust stains reapply.

4. Consumption rate: Estimated consumption rate is 8 m²/kg.

5. Safety & Protection: Danger. Causes severe skin burns and eye damage. Wash thoroughly with water after handling. IF INHALED: remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER / doctor. Contains phosphoric acid. Wear protective gloves / eye protection and face protection. Keep out of reach of children.

6. Expiration Date & Storage: 30 months after production date in its original, airtight container. Store in a well-ventilated area.

7. Packaging: 500 ml
