1. Product Description:

Marmostain-Out is a specialized stain remover designed with a peroxide formula to safely and effectively remove organic stains from marble surfaces. Its powerful formulation penetrates deep into the stone to break down and eliminate stains such as coffee, wine, fruit juices, and other organic materials. Marmostain-Out restores the natural beauty of marble without causing damage, discoloration making it ideal for both residential and commercial use.

TECHNICAL DATA SHEET

Product Name: MARMOMAGIC-STAINOUT

Applications:

- Suitable for use on marble and other sensitive natural stones.
- Removes deep organic stains from countertops, floors, and decorative stone surfaces.
- Ideal for residential and commercial applications.

Application Guidelines :

- 1. Surface Preparation:** Ensure the marble surface is free from dust and debris by wiping it clean.
- 2. Rough the area:** For tougher stains, gently rough the area apply Marmostain-Out directly to the stained area using a soft cloth, sponge, or brush then cover with tissue paper and plastic.
- 3. Tougher stains:** For tougher stains, mix Marmostain-Out with Marmomagic-Dry to create a paste for enhanced stain removal.
- 4. Dwell Time:** Let the product sit on the stain for 3-4 hours allowing it to penetrate and break down the stain.
- 5. Rinse and Dry:** Rinse the area with warm water and wipe it dry using a microfiber cloth.
- 6. Repeat if Necessary:** For stubborn stains, a second application may be required.

TECHNICAL DATA SHEET

Product Name: MARMOMAGIC-STAINOUT

Technical Specifications:

- **Appearance:** Clear liquid
- **Active Ingredient:** 50%
- **pH Level:** 3.5 - 4.5
- **Density:** 1.10 g/cm³
- **Odor:** Mild, characteristic
- **Solubility in Water:** Completely soluble
- **Boiling Point:** ~108°C
- **VOC Content:** 0% (Non-VOC formula)
- **Shelf Life:** 12 months in unopened containers
- **Storage Temperature:** Store between 5°C - 25°C
- **Packing:** 0.5L

Storage and Handling:

- **Storage:** Store in a cool, dry place between +5°C and +25°C, away from direct sunlight and sources of heat.
- **Handling:** Use appropriate personal protective equipment, such as gloves and goggles, to avoid skin and eye contact. Ensure good ventilation during application.
