OUR JOURNEY: INNOVATING FOR EXCELLENCE

Founder & Managing Director's Message

Dear Valued Customers, Partners, and Industry Leaders,

When I founded Marmo Solutions in 2013, my vision was clear to revolutionize the construction chemical industry by delivering high-performance, innovative, and sustainable solutions for marble and tile installations. Over the years, this vision has transformed into a reality, making Marmo Solutions a trusted name in adhesives, grouts, waterproofing, densifiers, and surface protection solutions.

At the heart of our journey lies innovation, quality, and customer-centricity. We continuously invest in research and development to create eco-friendly and skin-friendly products that not only enhance durability but also simplify applications for professionals. As an ISO 9001:2015 certified company and a proud participant in the Make in India initiative, we are committed to maintaining the highest standards in manufacturing and performance.

Our success is built on strong partnerships with architects, contractors, and applicators who trust us for reliable and innovative solutions. We believe in building long-term relationships by providing unmatched quality, technical expertise, and dedicated support to help our customers achieve excellence in every project.

As we continue our journey, my commitment remains the same—to drive innovation, sustainability, and excellence, ensuring that Marmo Solutions stays ahead in delivering cutting-edge solutions that shape the future of construction.

I extend my heartfelt gratitude to our customers, partners, and team members who have been integral to our growth. Together, we will continue to build stronger, more durable, and aesthetically superior spaces.

Aashish Bhasin

Founder & Managing Director, Marmo Solutions

MARMOFLEX-AQUAGUARD

MARMOFLEX-AQUAGUARD is a high-performance, two-component cement-based waterproofing system that blends advanced liquid polymer and powder for superior flexibility, strength, and durability. Designed for water-exposed surfaces, it offers exceptional moisture protection, ensuring long-lasting performance in demanding conditions.

PACKAGING SIZE:

- PART A: 20 KG
- PART B: 10 KG

MARMOLATEX-AC47

PACKAGING SIZE:

- 1KG
- 5KG
- 20KG

MARMOLATEX-AC47 is a versatile acrylic latex waterproofing solution that provides superior adhesion and flexibility, effectively shielding surfaces from water damage. Ideal for roofs, decks, basements, and exterior walls, it ensures long-lasting protection in harsh conditions. Additionally, it serves as a powerful bonding agent, enhancing bond strength in construction applications.

MARMOLATEX-SBR47

MARMOLATEX-SBR47 is a high-performance acrylic latex waterproofing solution designed for versatile applications. With exceptional adhesion and flexibility, it effectively resists water while allowing trapped moisture to escape, preventing damage. Ideal for roofs, decks, basements, and exterior walls, it ensures durable, long-lasting protection in demanding environments.

PACKAGING SIZE:

- 1KG
- 5KG
- 20KG

MARMOLATEX-ECO

PACKAGING SIZE:

- 1KG
- 5KG
- 20KG

MARMOLATEX-ECO is a latex-based adhesive admixture designed to enhance adhesion, flexibility, and water resistance in cement-based mixtures. Widely used in construction, especially for stone and tile applications, it ensures superior bonding strength and long-lasting moisture protection, delivering high-quality, durable results.

MARMOLATEX-ECOLASTIC

MARMOLATEX-ECOLASTIC is a water-based latex admixture designed to enhance the performance of grouts and adhesives for both interior and exterior flooring applications. It ensures superior bonding, durability, and moisture protection, making it an ideal choice for sustainable and green building projects.

PACKAGING SIZE:

- 5KG
- 20KG

SHIELDING STRUCTURES, SEALING TRUST.”

MARMOBOND-COAT

MARMOBOND-COAT is a high-performance bonding agent with acrylic polymers and mineral additives, ensuring strong adhesion, enhanced bond strength, and reduced delamination risks. Ideal for plastering, screeds, and concrete repairs, it offers water resistance and durability for long-lasting structural integrity in both interior and exterior applications.

PACKAGING SIZE:

- 10KG

MARMOBACK-COAT

MARMOBACK-COAT is a high-performance protective coating applied to the backside of stone slabs, effectively preventing moisture absorption and staining. Designed to enhance adhesion and bond strength, it ensures durability, stability, and long-lasting performance in stone installations. Ideal for marble, granite, and natural stone, it provides an added layer of protection while maintaining the integrity of the material.

PACKAGING SIZE:
• 10KG

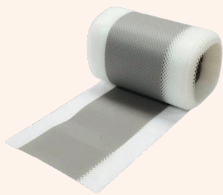

MARMOPOXY-BACKCOAT

PACKAGING SIZE:
• 10KG

MARMOPOXY-BACKCOAT is a high-performance epoxy-based back coating that provides zero-stain protection, exceptional moisture resistance, and enhanced stability for natural stone tiles and slabs. Ideal for kitchens, bathrooms, and outdoor spaces, it ensures long-lasting durability and superior performance, preventing staining and moisture-related damage in demanding environments.

MARMOAQUA-TAPE

MARMOAQUA-TAPE is a high-performance, flexible, and alkali-resistant corner tape designed for superior waterproofing protection. It effectively seals edges, expansion joints, and critical connection points, preventing water infiltration and moisture damage. Ideal for wet areas such as bathrooms, kitchens, terraces, and basements, it enhances the durability and longevity of waterproofing systems, ensuring a leak-free, secure, and resilient structure.

PACKAGING SIZE:
• 50 METRE

MARMOAQUA-MESH

PACKAGING SIZE:
• 50 METRE

MARMOAQUA-MESH is a high-strength, alkali-resistant fiberglass mesh designed for reinforcing waterproofing systems. It enhances crack resistance, flexibility, and durability, ensuring long-lasting protection against water damage. Ideal for bathrooms, terraces, basements, and facades, it provides seamless reinforcement for cementitious and liquid waterproofing applications, preventing surface failures and improving overall structural integrity.

“SUPERIOR ADHESIVE
STRONGER BONDS, UNMATCHED STRENGTH.”

Marmo Solutions provides premium cement-based and resin-based adhesives, engineered for any surface, any format, and all types of applications. Designed for maximum strength, durability, and no shrinkage, our adhesives meet ASTM, EN, and IS standards, ensuring superior performance and long-lasting bonds in every installation.

MARMOCEM

PACKAGING SIZE:

- 20 KG

COLOUR: GREY

MARMOCEM is a high-performance mineral binder designed for strong, durable screeds, providing a stable foundation for floor finishes. It enhances strength, longevity, and workability, making it an ideal choice for reliable and long-lasting flooring solutions in residential and commercial projects.

MARMOQUARTZO

MARMOQUARTZO is a high-purity quartz sand with zero silica impurities, ensuring exceptional strength and durability. Perfect for plaster, screeds, and concrete applications, it offers consistent particle size distribution, enhancing workability, adhesion, and long-term performance in construction projects.

PACKAGING SIZE:

- 20 KG

**“SEAMLESS STRENGTH,
FLAWLESS FINISH.”**

Marmo Solutions offers a premium range of fillers designed to fill joints, cracks, and bond all types of natural and engineered stones. Our high-performance formulations ensure seamless repairs and long-lasting durability for marble, granite, sandstone, quartz, quartzite, composite materials, and various tile applications. With superior adhesion, strength, and color-matching capabilities, our fillers provide a flawless finish while enhancing the integrity of your surfaces. Whether for installation, restoration, or repair, Marmo Solutions fillers deliver unmatched quality and reliability.

MARMOMASTIC

MARMOMASTIC is a high-performance polyester-based adhesive for stone. Provides precise application, rapid curing, and seamless repairs, ensuring strong bonding and effortless surface filling.

PACKAGING SIZE:

- PART A: 1.5 KG
- PART B: 30 GM

COLOUR: P.DARK / P.LIGHT / WHITE

MARMOMASTIC-CLEARSOFT

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 30 GM

MARMOMASTIC-CLEARSOFT is a high-performance polyester-based gel adhesive for stone. Provides precise application, rapid curing, and seamless repairs, ensuring strong bonding and effortless surface filling.

COLOUR: HONEY

MARMOMASTIC-GEL

MARMOMASTIC-GEL is a two-component polyester gel mastic specially formulated for marble and natural stone. Ideal for filling joints and gaps, it ensures seamless, durable, and high-strength repairs and installations.

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 30 GM

COLOUR: CLEAR

MARMOMASTIC THASSOS-GEL

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 30 GM

MARMOMASTIC-THASSOSGEL is a two-component polyester gel mastic specially formulated for marble and natural stone. Ideal for filling joints and gaps, it ensures seamless, durable, and high-strength repairs and installations. Best for light-coloured marble, providing an invisible and long-lasting finish.

COLOUR: GLASS WHITE

MARMOPOXY-ECOGEL

MARMOPOXY-ECOGEL is a 1:1 neutral-coloured, solvent-free epoxy resin adhesive, ideal for bonding natural and artificial stones. Its gel-like consistency ensures high creep strength for durable and reliable bonds.

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 1 KG

COLOUR: WHITE

MARMOBOND-GEL

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 500 GM

MARMOBOND-GEL is a 2:1 solvent-free epoxy adhesive specially formulated for coloured stones. Its gel-like consistency ensures high creep strength, providing strong, durable, and seamless bonding for natural and artificial stones.

COLOUR: ICE CLEAR

MARMOGEL-WHITE

MARMOGEL-WHITE is a 2:1 solvent-free epoxy adhesive specially formulated for light-coloured stones. Its gel-like consistency ensures high creep strength, delivering strong, durable, and seamless bonding for natural and artificial stones.

PACKAGING SIZE:

- PART A: 1.35 KG
- PART B: 650 GM

COLOUR: ICE WHITE

MARMOPOXY-GEL

PACKAGING SIZE:

- PART A: 1.35 KG
- PART B: 650 GM

MARMOPOXY-GEL is a 2:1 solvent-free epoxy adhesive specially formulated for coloured stones. Its gel-like consistency ensures high creep strength, providing strong, durable, and seamless bonding for natural and artificial stones.

COLOUR: ICE CLEAR

MARMOGEL-EVERCLEAR

PACKAGING SIZE:

- PART A: 1.35 KG
- PART B: 650 GM

MARMOGEL-EVERCLEAR is a 2:1 solvent-free, weather-resistant adhesive designed for natural and artificial stones, concrete, and various surfaces. Ensures strong adhesion, even on slightly humid substrates, with minimal yellowing over time.

COLOUR: ICE WHITE

MARMOMASTIC-CLEAR

MARMOMASTIC-CLEAR is a two-component resin-based marble filler made with unsaturated polyester resin and styrene. This clear liquid offers versatile application across various stone surfaces, thanks to its adaptable consistency.

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 30 GM

COLOUR: WATER CLEAR

MARMOMASTIC THASSOSLIQUID

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 30 GM

MARMOMASTIC-THASSOSLIQUID is a two-component liquid polyester mastic designed for filling joints and gaps in marble and other stone surfaces. Perfect for seamless applications, ensuring strong and durable stone installation and repair.

COLOUR: ICE CLEAR

MARMOPOXY-ECO

MARMOPOXY-ECO is a 2:1 two-component epoxy resin system designed for the effective closure and filling of cracks and pores in stones, ensuring strength, durability, and a flawless finish.

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 500 GM

COLOUR: CLEAR

MARMOPOXY-LIQUID

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 250 GM

COLOUR: CLEAR

MARMOPOXY-LIQUID is a 4:1 two-component resin-based filler featuring epoxy resin and a modified amine hardener. Ideal for closing and filling cracks and larger pores in colored stones, ensuring superior strength and durability.

MARMOPOXY-PLUS

MARMOPOXY-PLUS is a 2:1 two-component resin-based filler with epoxy resin and a modified amine hardener. Ideal for closing and filling cracks, pores, and fissures in light-colored stones, ensuring firm, seamless, and long-lasting results.

PACKAGING SIZE:

- PART A: 1 KG
- PART B: 500 GM

COLOUR: WATER CLEAR

MARMO-PULIQUID

PACKAGING SIZE:

- PART A: 750 GM
- PART B: 500 GM

COLOUR: GLASS CLEAR

MARMO-PULIQUID is a two-component material with a 3:2 ratio, offering unparalleled resistance to yellowing. Perfect for white stones, it preserves their pristine appearance over time, ensuring long-lasting durability and strength.

MARMOGLASS LIQUID

PACKAGING SIZE:

- PART A: 800GM
- PART B: 600GM

COLOUR: GLASS CLEAR

MARMOGLASS-LIQUID is a high-performance, two-component system (4:3 ratio) designed for exceptional non-yellowing properties. Ideal for white stones, it ensures a long-lasting, flawless appearance while providing superior durability.

MARMOFLEX-GROUT

MARMOFLEX-GROUT is a high-performance, polymer-based grout designed for both interior and exterior applications. Ideal for joint widths ranging from 3mm to 12mm, it offers superior adhesion, flexibility, and durability. Perfect for floors and walls, ensuring long-lasting performance in various environments.

PACKAGING SIZE:

- PART A: 4 KG

MARMOSEAL

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE
- 20 LITRE

COLOUR: CLEAR

MARMOSEAL is a water-based, transparent penetrating sealer designed to protect natural stones effectively. Suitable for both indoor and outdoor use, it resists stains, soiling, and discoloration without altering the natural appearance of the surface.

MARMOSEAL-W

MARMOSEAL-W is a water-based penetrating sealer specially formulated to protect extra porous stones like fine-grained marble, granite, limestone, slate, and sandstone. It also enhances repellency for grouts and cement, ensuring long-lasting protection.

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE
- 20 LITRE

COLOUR: MILKY WHITE

MARMOIMPREGNATOR

PACKAGING SIZE:

- 1 LITRE
- 4 LITRE

COLOUR: CLEAR

MARMOIMPREGNATOR is a high-performance sealer designed to provide water and dirt repellency on absorbent mineral surfaces such as natural and cast stones, including marble, limestone, granite, terrazzo, and unglazed ceramic tiles. It offers UV resistance for long-lasting protection.

MARMOGLOSSER

MARMOGLOSSER is a solvent-based satin finish stone sealer formulated with super acrylic resins. It enhances surface color with a satin gloss and is suitable for both indoor and outdoor use. Weather-resistant and non-yellowing, it ensures long-lasting protection.

PACKAGING SIZE:

- 1 LITRE
- 4 LITRE

COLOUR: CLEAR

MARMOBARRIER-W

PACKAGING SIZE:

- 1 LITRE

COLOUR: CLEAR

MARMOBARRIER-W is a ready-to-use, water-based impregnator for stone surfaces. Its weather-resistant, non-yellowing formula with high-quality organic actives penetrates deeply through capillary action, providing long-lasting protection and preservation.

MARMOBARRIER

MARMOBARRIER is a stain-repellent hydrophobic sealer designed to protect stone surfaces by preventing water penetration and repelling stains. Ideal for preserving the pristine appearance and durability of stone installations.

PACKAGING SIZE:

- 1 LITRE
- 4 LITRE

COLOUR: CLEAR

MARMOBARRIER-PLUS

PACKAGING SIZE:

- 1 LITRE
- 4 LITRE

MARMOBARRIER-PLUS is a high-performance stain-repellent and color-enhancing sealer, ideal for both interior and exterior applications. It penetrates deep into the surface, providing long-lasting protection against stains, moisture, and wear while enriching the natural color of stone.

MARMOCLEANER-MILD

MARMOCLEANER-MILD is a specially formulated cleaner for routine maintenance of stone surfaces. Its gentle, non-abrasive formula effectively removes dirt and grime without harsh chemicals, preserving the natural beauty and finish of your stone with ease.

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE

COLOUR: BLUE CLEAR

MARMOCRISTAL-CLEAN

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE

MARMOCRISTAL-CLEAN offers effortless day-to-day cleaning for stone surfaces. Its crystal-clear formula gently yet effectively removes dirt and grime, leaving your surfaces clean.

COLOUR: CLEAR

MARMOCLEANER NATURA

MARMOCLEANER-NATURA is a powerful yet gentle solution designed to remove stubborn cement residues from stone surfaces. It effectively cleans without harming the natural texture, making it ideal for post-construction maintenance and long-term stone care.

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE

COLOUR: CLEAR

MARMOCLEANER-HEAVY

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE

MARMOCLEANER-HEAVY is a high-strength, natural acid-based cleaner designed to remove tough residues, efflorescence, and salt deposits. Its powerful formula effectively eliminates mold, mildew, and stubborn stains, restoring surfaces to their original beauty. Ideal for deep cleaning and post-installation maintenance.

COLOUR: RED CLEAR

MARMOMAGIC-RUSTOUT

MARMOMAGIC-RUSTOUT is a ready-to-use solution designed to remove deep-set rust stains from marble surfaces. It effectively dissolves rust, turning it into a purple color, indicating its reaction. After treatment, clean the surface with distilled water to remove any residual purple marks, restoring the stone's natural beauty.

PACKAGING SIZE:
• 1 LITRE

COLOUR: CLEAR

MARMOPOXY-REMOVER

PACKAGING SIZE:

• 5 LITRE

MARMOALGAE-REMOVER is a highly effective solution designed to eliminate algae, moss, and organic stains from stone surfaces. Its powerful formula restores the natural beauty of stones while preventing future growth, ensuring long-lasting cleanliness and protection. Safe and easy to use for both indoor and outdoor applications.

COLOUR: CLEAR

MARMORUST-CLEANER

MARMORUST-CLEANER is a powerful mild acid-based rust cleaner, specially designed for industrial use. It effectively eliminates rust stains from sandstone, granite, and marble, particularly after gang saw cutting or shot blasting. Also ideal for restoring stones that have turned rusty due to heavy acid cleaning, ensuring deep cleaning without compromising the stone's integrity.

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE

COLOUR: CLEAR

MARMORUST-REMOVER

PACKAGING SIZE:

- 1 LITRE
- 5 LITRE

COLOUR: CLEAR

MARMORUST-REMOVER is a powerful concentrated mild acid-based rust remover, specially designed for industrial use. It effectively eliminates rust stains from sandstone, granite, and marble, particularly after gang saw cutting or shot blasting. Also ideal for restoring stones that have turned rusty due to heavy acid cleaning, ensuring deep cleaning without compromising the stone's integrity.

MARMOMAGIC-DRY

MARMOMAGIC-DRY is a powerful enhancer designed to be used with MARMOMAGIC STAIN-OUT for increased stain removal efficiency. Its advanced formula penetrates deeper, accelerating the breakdown of tough stains, ensuring faster and more effective cleaning on stone surfaces. Ideal for stubborn and deeply embedded stains.

PACKAGING SIZE:

- 400 GM

COLOUR: SKY BLUE

MARMOMAGIC-STAINOUT

PACKAGING SIZE:

- 500ML

COLOUR: CLEAR

MARMOMAGIC-STAINOUT is a powerful stain remover formulated for stone surfaces. Its advanced formula penetrates deep to effectively lift and eliminate tough stains, restoring the natural beauty of the stone without damage.

**“PRECISION TOOLS,
UNMATCHED GRIP
SECURE EVERY FIX WITH CONFIDENCE!”**

Marmo Solutions offers high-quality polishes that enhance the natural beauty of stone surfaces, providing a long-lasting, mirror-like shine. Designed for easy maintenance, our polishes protect against wear, stains, and daily abrasion, ensuring your marble and granite stay flawless for years. Ideal for residential and commercial spaces, they deliver a superior finish with minimal effort.

MARMOCLAMP-JT

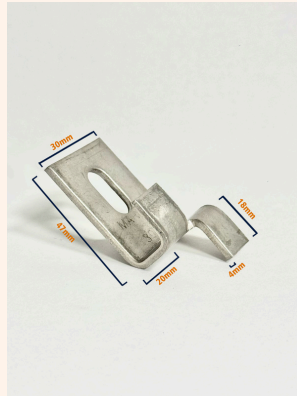

MARMOCLAMP-JT is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

PACKAGING SIZE:
• 50 PCS

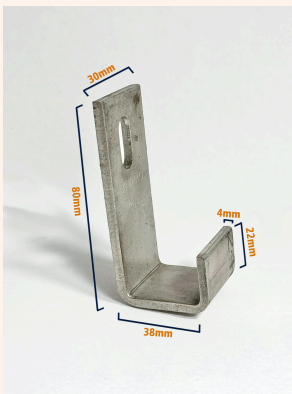

MARMOCLAMP-JTS

PACKAGING SIZE:
• 50 PCS

MARMOCLAMP-JTS is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

MARMOCLAMP-J

MARMOCLAMP-J is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

PACKAGING SIZE:
• 50 PCS

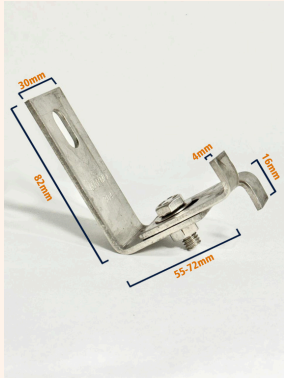

MARMOCLAMP-L

PACKAGING SIZE:
• 50 PCS

MARMOCLAMP-L is a R.C.C Clamps Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

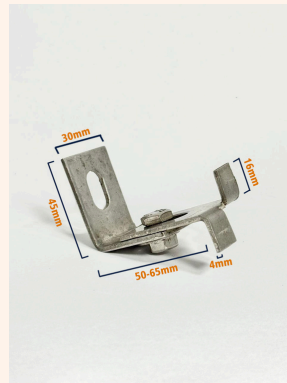

MARMOCLAMP-JT5572

MARMOCLAMP-JT5572 is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

PACKAGING SIZE:
• 50 PCS

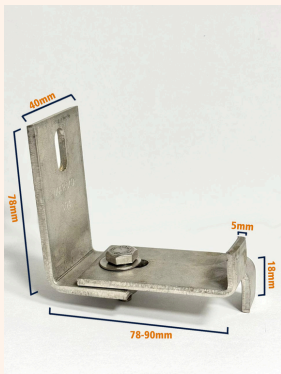

PACKAGING SIZE:
• 50 PCS

MARMOCLAMP-JTS5065 is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

MARMOCLAMP-JTS5065

MARMOCLAMP-JTS7890

MARMOCLAMP-JTS7890 is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

PACKAGING SIZE:
• 50 PCS

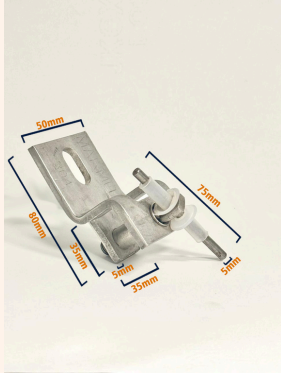

PACKAGING SIZE:
• 50 PCS

MARMOCLAMP-LS115135 is a R.C.C Clamps Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding and mortar-supported stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

MARMOCLAMP-LS115135

MARMOCLAMP-CHAIR

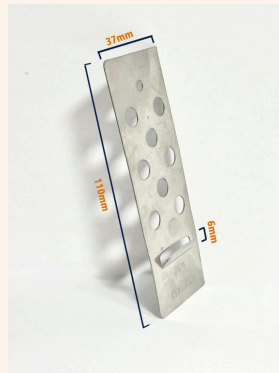

MARMOCLAMP-CHAIR is a R.C.C Clamp Made with high-grade Stainless Steel 304, these clamps are designed for secure dry cladding stone installations in both indoor and outdoor settings. Their high-strength and durability ensure superior anchoring, long-lasting stability, and enhanced safety for all types of stone applications.

PACKAGING SIZE:
• 50 PCS

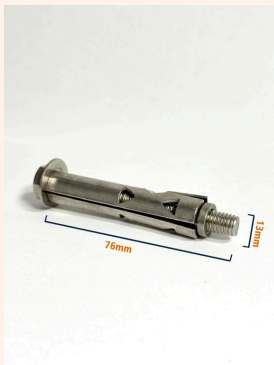

MARMOTILE-FIXER

PACKAGING SIZE:
• 50 PCS

MARMOTILE-FIXER: R.C.C Clamp is made from Stainless Steel 304, designed for tiles over 10mm installed with cement mortar or tile adhesive. Ideal for indoor and outdoor use, ensuring strong anchoring, durability, and corrosion resistance for lasting stability.

MARMOANCHOR7513

MARMOANCHOR7513 is made from high-grade Stainless Steel 304, designed to support clamps for dry cladding and mortar-supported stone installations. Ensures strong anchoring, durability, and long-lasting stability for indoor and outdoor applications.

PACKAGING SIZE:
• 50 PCS

MARMOANCHOR10113

PACKAGING SIZE:
• 50 PCS

MARMOANCHOR10113 is made from high-grade Stainless Steel 304, designed to support clamps for dry cladding and mortar-supported stone installations. Ensures strong anchoring, durability, and long-lasting stability for indoor and outdoor applications.
