E-Mail: info@marmosolutions.com

CIN : U74140DL2013PTC252178

E-Mail ID: info@marmosolutions.com

Office hours: Monday to Saturday (10AM-6PM)

1. Product Description:

MARMOSHINE-POWDER is a premium high-gloss crystallization powder specially formulated for wet crystallization and restoration of marble and other calcareous stone floors. Its advanced reactive formulation chemically interacts with the calcium carbonate present in natural stone, producing a dense, durable, mirror-like finish with enhanced wear resistance and long-lasting brilliance.

Manufactured by:

ANAV INDUSTRIES

Address: Khewat No. 1358/1151,

Khatoni No. 1461, Main NH-9, Near Toll Plaza, Village

Rohad, Dis. Jhajjar, Haryana-124501

Marketed By/ Exporter:

MUMBAI: 47A, Ground And First Floor,

Parmar Compound, Highway Road,

Vile Parle East, Mumbai- 400099

DELHI: WHS, 1/18, 2nd Floor Kirti Nagar, Near

Richi Rich, New Delhi- 110 015

TECHNICAL DATA SHEET

Product Name: MARMOSHINE- POWDER

2. Product Features:

- Professional wet crystallisation powder.
- Produces a deep, mirror-like gloss.
- Chemically hardens the stone surface.
- Improves abrasion resistance.
- Enhances stain resistance.
- Increases surface density.
- Reduces surface porosity.
- Long-lasting polished finish.
- Suitable for restoration and maintenance.
- Easy machine application.
- Low residue formulation.
- Interior floor applications.

3. Application:

- Wet crystallization
- High-gloss restoration
- Floor polishing
- Stone surface hardening
- Surface densification
- Gloss enhancement
- Surface protection

TECHNICAL DATA SHEET

Product Name: MARMOSHINE- POWDER

4. Application Guidelines:

Surface Preparation:

Ensure the floor is clean, dry, and free from waxes, sealers, dirt, grease, and loose contaminants. Complete honing before crystallisation if surface restoration is required.

Mixing:

Sprinkle a small quantity of **MARMOSHINE-POWDER** onto the stone surface and add a small amount of clean water to form a workable slurry.

Application:

Using a single-disc floor polishing machine fitted with an appropriate polishing pad, work the slurry evenly over the surface until the desired gloss develops.

Continue polishing until the slurry begins to dry.

Cleaning:

Remove all residues using clean water and allow the floor to dry before final buffing.

Buff with a clean polishing pad to achieve maximum gloss.

TECHNICAL DATA SHEET

Product Name: MARMOSHINE- POWDER

5. Product Specifications:

- **Appearance:** Fine Powder
- **Packaging:** 1 Kg
- **Odour:** Odourless
- **pH (Slurry) :** Acidic
- **Density:** Approx. 1.10 g/cm³ (Bulk)
- **Recommended Dilution:** 1:3 – Marmo Shine Liquid: Water (>200 TDS).
- **Coverage:** 30-50 m²/kg (depending on surface condition)
- **Finish:** Mirror Gloss
- **Stain Resistance:** Improved
- **Abrasion Resistance:** Excellent
- **Shelf Life:** 24 months in original, unopened packaging
- **Application Temperature:** 10°C - 35°C
- **Application Method:** wet crystallisation

TECHNICAL DATA SHEET

Product Name: MARMOSHINE- POWDER

6.DO'S & DON'TS

• DO'S

- Do clean the surface thoroughly before crystallisation.
- Do use only clean water during the crystallisation process.
- Do apply using a suitable single-disc floor polishing machine.
- Do work in small, manageable sections.
- Do remove slurry residues completely after polishing.
- Do perform a trial application before treating decorative or sensitive stones.
- Do use appropriate polishing pads recommended for crystallisation.
- Do wear suitable PPE during application.

• DON'T'S

- Do not apply on granite, quartz, sandstone, slate, or other siliceous stones.
- Do not allow the slurry to dry completely before polishing.
- Do not use excessive water during application.
- Do not leave crystallisation residues on the floor after treatment.
- Do not mix with other polishing chemicals.
- Do not apply over waxes or topical coatings without proper surface preparation.
- Do not use on acid-sensitive decorative surfaces without prior testing.
- Do not inhale powder during handling.

7.Storage and Handling:

- **Storage:** Store in a cool, dry place (10°C - 35°C), away from direct sunlight and heat. Keep the container tightly sealed.
- **Handling:** Use in a ventilated area. Wear gloves and eye protection.
Avoid skin and eye contact.

Health & Safety:

- **Protective Gear:** Always wear gloves, eye protection, and protective clothing during use to avoid skin and eye contact.
- **Ventilation:** Use in a well-ventilated area to avoid inhalation of vapors.
- **Skin Contact:** Wash immediately with soap and water.
- **Eye Contact:** Rinse thoroughly with water and seek medical advice if irritation persists.
- **Inhalation:** Move to fresh air if feeling unwell, seek medical help if symptoms continue.
- **Ingestion:** Do not induce vomiting. Seek medical attention immediately.
- **Disposal:** Follow local regulations for the safe disposal of chemical products.
