Office hours: Monday to Saturday (10AM-6PM)

1. Product Description:

Marmoimpregnator is a high-quality, solvent-based impregnating sealer designed for natural stone surfaces like marble, granite, limestone, sandstone, and travertine. It deeply penetrates into the stone, offering excellent protection against water and oil based stains without altering the surface's natural appearance or texture.

TECHNICAL DATA SHEET

Product Name: MARMOIMPREGNATOR

2. Key Features:

- No shrinkage after application and curing.
- Preserves the stone's natural look without leaving a glossy finish.
- Suitable for both indoor and outdoor use.
- Effective against water, grease, and oil stains.
- Long-lasting protection and UV stability, does not yellow over time.
- Allows the stone to breathe while protecting it from stains.
- Resistant to freeze-thaw cycles and weathering.

TECHNICAL DATA SHEET

Product Name: MARMOIMPREGNATOR

4. Application Instructions

1. Surface Preparation:

• Ensure the stone is clean, dry, and free from dirt, dust, oil, or other contaminants.

• Perform a small test in an inconspicuous area to verify compatibility and desired results.

2. Application:

• Shake well before use.

• Apply the Marmoimpregnator using a clean, soft brush, roller, or low-pressure sprayer.

• Saturate the surface evenly and allow it to absorb for 10-15 minutes.

• After 15 minutes, remove any excess product with a clean cloth or sponge.

• On very porous stones, a second coat may be required after the first coat has fully dried (usually 1-2 hours).

• After 15 minutes, remove any excess product with a clean cloth or sponge.

• Allow to dry for 1-2 hours before light foot traffic. Full cure in 24 hours.

5. Coverage

• **Polished Marble:** 10-15 m²/|iter

• **Honed Granite:** 6-10 m²/litre

• **Sandstone:** 4-6 m²/litre

Note: Coverage may vary depending on the stone's porosity and surface texture.

6.DO'S & DON'TS

- **DO'S**
- Do ensure stone surfaces are clean, dry, and free from dust, oil, wax, or sealers before dipping.
- Do perform a small test patch in an inconspicuous area before full application.
- Do shake well before use.
- Do apply evenly using a soft brush or roller.
- Do allow the product to penetrate for 10–15 minutes.
- Do wipe off all excess material from the surface after penetration time to prevent surface residue.
- Do ensure proper ventilation during application.
- Do use pH-neutral cleaners for maintenance after sealing.

MARMO SOLUTIONS
MARBLE & TILE SOLUTION PRODUCTS

- **DON'TS**
- Do not apply on wet or moisture-laden stone.
- Do not dilute with water or mix with other sealers.
- Do not apply excessively thick coats (may cause hazing).
- Do not use harsh acidic or alkaline cleaners after application.

7. Storage and Handling

- Store in a cool, dry place at temperatures between 5°C and 30°C.
- Keep the container tightly closed when not in use.
- Avoid direct sunlight and freezing conditions.
- Keep away from heat, open flames, and other ignition sources.

8. Health & Safety

- Hazard Warnings:
- Flammable liquid and vapour. Keep away from heat, sparks, and open flames.
- Harmful if inhaled, ingested, or absorbed through the skin.
- Avoid prolonged or repeated contact with skin and eyes.
- Use with adequate ventilation.
- **First Aid Measures:**
- In case of inhalation, move the affected person to fresh air immediately. If breathing becomes difficult, seek medical attention without delay.
- Skin Contact: Wash thoroughly with soap and water. If irritation persists, seek medical advice.
- Eye Contact: Flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation persists.
- Ingestion: Do not induce vomiting. Seek immediate medical assistance.
- **Personal Protective Equipment (PPE):**
- Wear chemical-resistant gloves, safety glasses, and protective clothing during application.
- Ensure good ventilation during application.
