TECHNICAL DATA SHEET

Product Name: MARMOSEAL-W

2. Product Features:

. **Hydrophobic Protection:** Repels water stains, preventing them from penetrating the stone.

• **Siloxane-Based Formula:** Ensures long-lasting protection and ease of cleaning.

• **Non-Altering:** Does not change the appearance, texture, or colour of the treated surface.

• **UV Stable:** Protects against UV rays, preventing discolouration over time.

• **Breathable:** Allows moisture vapour to escape, preventing trapped moisture and subsequent damage.

• **Versatile Application:** Suitable for interior and exterior use on a wide range of natural stones.

Product Name: MARMOSEAL-W

4. Application Guidelines:

1. Surface Preparation:

• Ensure the surface is clean, dry, and free of any dust, oil, or previous coatings.

• For best results, clean the surface using a neutral pH cleaner and allow it to dry completely.

2. Application Method:

• Apply **Marmoseal-W** evenly using a brush, roller, or low-pressure sprayer.

• For highly porous stones, a second coat may be required after 15-20 minutes.

• Wipe off any excess product from the surface to avoid residue buildup.

3. Drying and Curing:

• The surface will be touch dry in 1-2 hours, depending on temperature and humidity.

• Full protection is achieved after 24 hours of curing.

4. Coverage:

• Coverage will vary depending on the porosity of the stone. For low-porosity stones like granite, coverage can be up to 10 sqm/L, while for highly porous stones like sandstone or limestone, coverage may be as low as 3 sqm/L.

5. Product Specifications:

- **Appearance:** Milky liquid
- **Base:** Siloxane-based hydrophobic formulation
- **Viscosity:** Low viscosity, easy to apply
- **Packaging:** Available in 1L, 5L and 20L Containers
- **UV Resistance:** High
- **Solids Content:** 30%
- **Odour:** Emulsion
- **Shelf Life:** 12 months in original, unopened packaging
- **Application Temperature:** 5°C - 30°C (Ambient and Surface Temperature)
- **Coverage: 3**-10 m² per litre, depending on surface porosity
- **Dwell Time:** Touch dry in 1-2 hours, full cure in 24 hours
- **Service Temperature Range:** -20°C to 70°C
- **Water Repellence:** Excellent

6.DO'S & DON'TS

- **DO'S**
- Do ensure the surface is clean, dry, and free from dust, oil, grease, wax, or previous coatings before application.
- Do perform a small test application on an inconspicuous area before full-scale treatment.
- Do apply the product evenly using a brush, roller, sponge, or low-pressure sprayer.
- Do allow the sealer to penetrate the surface for the recommended dwell time.
- Do remove excess material from the surface before it dries to avoid streaking.
- Do apply a second coat if additional water repellency is required.
- Do allow the treated surface to cure completely before exposing it to water.
- Do store the product in its original tightly sealed container in a cool, dry place.

MARMO SOLUTIONS
MARBLE & TILE SOLUTION PRODUCTS

- **DON'TS**
- Do not apply on wet, damp, or water-saturated surfaces.
- Do not apply during rain or when rain is expected before curing is complete.
- Do not apply on extremely hot surfaces or under direct sunlight.
- Do not allow excess sealer to dry on the surface.
- Do not mix with solvents, acids, or other chemicals.
- Do not walk on or wash the treated surface until the recommended curing time has elapsed.
- Do not use the product on surfaces that are not compatible with water-based impregnating sealers.

7.Storage and Handling:

- **Storage:** Store in a cool, dry place between +5°C and +25°C, away from direct sunlight and sources of heat.
- **Handling:** Use appropriate personal protective equipment, such as gloves and goggles, to avoid skin and eye contact. Ensure good ventilation during application.

Health & Safety:

- **Precautionary Measures:** Avoid direct contact with skin and eyes. In case of contact, wash thoroughly with soap and water. If ingested, seek medical advice immediately.
- **Disposal:** Dispose of in accordance with local regulations. Do not release into drains or watercourses.
