Product Name: MARMOSHINE- LIQUID PLUS

4. Application Guidelines:

- **Surface Preparation:**

  Ensure the floor is clean, dry, and free from dust, grease, wax, old polish residues, and loose contaminants before application.

- **Application:**

  Shake the container well before use.

  Apply **MARMOSHINE-LIQUID PLUS** directly onto the clean surface using a microfiber mop, applicator, or polishing pad. Spread a thin, even coat over the entire surface.

- **Buffing:**

  Allow the product to flash dry slightly before buffing with a polishing pad or floor polishing machine until the desired gloss is achieved.

6.DO'S & DON'TS

- **DO'S**
- Do clean the floor thoroughly before application.
- Do shake the container well before use.
- Do apply a thin and uniform coat.
- Do use clean microfiber applicators or polishing pads.
- Do buff only after the product becomes touch dry.
- Do apply additional coats if higher gloss is required.
- Do perform a small test on an inconspicuous area before full application.
- Do store the container tightly closed after use.
- **DON'T'S**
- Do not dilute the product with water or solvents.
- Do not apply over dirty or oily surfaces.
- Do not flood the surface with excessive product.
- Do not buff while the product is still wet.
- Do not use on highly absorbent unsealed stone surfaces.
- Do not expose freshly treated floors to heavy traffic until fully dry.
- Do not apply below +10°C or above +35°C.
- Do not mix with other floor polishing products.
