## 1. Product Description:

**MARMOSHINE-WAX** is a premium wax-based stone polish specially formulated to enhance the natural beauty and gloss of polished stone surfaces while providing long-lasting protection against everyday wear. Its advanced blend of high-quality waxes creates a durable protective layer that enriches colour, improves surface brilliance, and helps resist dust, stains, moisture, and light scratches.

### 3. Application Guidelines:

**Surface Preparation:**

Ensure the surface is clean, dry, and free from dust, grease, oil, old wax residues, and loose contaminants before application.

**Application:**

Apply a thin, even coat of **MARMOSHINE-WAX** using a soft cloth, microfiber applicator, or polishing pad.

Allow the wax to dry until a light haze develops.

**Buffing:**

Buff the surface using a clean microfiber cloth or a low-speed polishing machine until the desired gloss is achieved.

Apply a second coat if additional gloss or protection is required.

### 5.DO'S & DON'TS

- **DO'S**

- Do clean and dry the surface thoroughly before application.
- Do apply a thin, even coat for best results.
- Do use clean microfiber cloths or polishing pads.
- Do buff after the wax has dried to a light haze.
- Do perform a trial application on a small inconspicuous area before large-scale use.
- Do apply additional coats for enhanced gloss and protection when required.
- Do store the container tightly sealed after use.
- Do maintain the treated surface using non-abrasive cleaners.

- **DON'T'S**

- Do not apply on wet or damp surfaces.
- Do not apply over dust, grease, oil, or loose contaminants.
- Do not apply excessive amounts of wax.
- Do not buff before the wax has dried sufficiently.
- Do not use abrasive cleaning pads after waxing.
- Do not expose freshly treated surfaces to heavy traffic until completely buffed.
- Do not apply below **+10°C** or above **+35°C**.
- Do not mix with other polishing compounds or waxes.
